

LLF-14 FRYER

Wells Electric Fryer LLF-14 has a durable nickel-plated, deep-drawn, removable frypot that holds fourteen pounds of oil. Each fryer comes with two half-sized baskets, allowing portion and product flexibility. The heavy duty, stainless steel element swings up and locks for easy cleaning.

Features

- **Two half-size, rear-hanging, interchangeable fry baskets** are included with every fryer for product flexibility.
- **Swing-up element**, located below the basket, is heavy-duty stainless steel and easy-to-clean.
- **Element control housing** has a spring-loaded support rod to secure elements when in a raised position.
- **Deep-drawn, removable frypot** is made of nickel-plated steel and can hold up to fourteen pounds of oil.
- **A manual reset safety thermostat** will shut off the heating element power if an over-temperature condition is reached. A red signal light will indicate the over-temperature condition.
- **The LLF-14 Fryer** is Underwriters Laboratories, Inc. LISTED and meets the National Sanitation Foundation standards.
- **A one-year warranty** against defects covers parts and labor.
